Community Concert Series
Holy Trinity Anglican Church

All shows are \$10 admission, to keep concerts affordable for audiences in these difficult times. However, additional donations to the artists (also impacted by these pandemic times) are greatly appreciated. We will also accept any donations to assist people with limited income to attend this concert series.

We will be following Alberta Health Services health and safety protocols. If you are exhibiting any symptoms of Covid-19, please stay home and contact your family physician or call 811 to book a test. We ask that all attendees wear a mask until seated for the performances.

Each performance will be less than one hour in duration. Common spaces will be disinfected between performances. There will be no concession.

We will also endeavor to present these shows as paperless events as much as possible. Advance tickets are strongly recommended as venue capacity is limited to 50 people per show. Tickets may be purchased by sending an Etransfer to john@brassmonkeyarts.com. Receipts will be issued but only the purchaser's contact information will be required at the door.
